

The Magic Number Draw

The Magic Number is the new monthly Prize Draw replacing the 100 Club.

The new monthly prize draw will run from October through until the end of July. Entries will be charged at £1 per Number each month – a ‘pay-as-you-play’ system.

Rules to The Magic Number Draw are as follows:

- The cost for entry is £1 per Number per month
- Entrants choose and pay for a Number from 1-150 that will be entered into the Draw
- Entrants simply put their name and telephone number next to their selected Number/s
- Entrants can choose and pay for as many Numbers as they like per month
- Entrants must buy a new number for each month they wish to enter the Draw
- Sales of Numbers to take place at the school gate in the first week of each month
- Draw to take place on the last Friday of each month unless that falls during a school holiday, in which case the draw will take place on the first day back to school e.g. Tuesday 1st November 2016
- Regardless of how many Numbers are sold 150 numbers are always entered into the Draw
- Prize fund is always 50% of the total Number sales and the other 50% will go towards funding future projects at Greenleas through FOG
- Should the Number drawn on the last Friday of each month not correspond with a Number purchased for the Draw then the prize fund rolls over into the following month. Entrants cannot carry previous Numbers forward and must purchase new Numbers for the new draw
- The above process is repeated until a winner is found.
- After a winning Number is found the Draw resets to the beginning.
- In the event that a winning Number is not drawn after the final game in July then a new Number is drawn until a winning number is found.

The Magic Number Draw will begin week commencing 3rd October 2016. Numbers will be available from Monday to Friday outside the School gates.

Thank you.

Regards
The FOG Team
