

# Ask Me About...

The children have had a fantastic week in Nursery - it is lovely to see how much they have all progressed in such a short space of time! Here are some highlights from our week:

- We talked about how we have changed since we were babies, and enjoyed finding out about what babies need.
- We learnt about 2D shapes (circle, square, triangle and rectangle).
- We started to develop our cutting skills using scissors.
- We enjoyed reading Polar bear, polar bear what do you hear - and discussed our senses.

## Parents' evening

On Wednesday 16<sup>th</sup> and Thursday 17<sup>th</sup> October Mrs Johnston will be holding individual meetings with parents. At this time, we will only be meeting with the parents of our 3 year old children. After half term we will meet with the parents of our 2 year old children. This gives a little longer for our youngest children to settle in.

From Monday morning onwards we will have a list available for parents to sign up for a time slot - this can be done at morning drop off.

## Baby photos

As we continue to talk about how we have changed, it would be lovely to see some photographs of the children as babies. If you would like to send in a baby photo please do so via class dojo, or the school office email address. Thanks!

If any parents have a young baby, and would feel happy coming into school to speak to the children about how they look after their baby, please let Mrs Johnston know - we would love to have you!

We hope that you have a lovely weekend.
